Otto Perry

Narrative Designer

contact@ottop.me | https://www.linkedin.com/in/ottoperry/ | Portfolio: ottop.me

Education

Bachelor of Arts in Game Design — Expected Graduation: Apr. 2027

DigiPen Institute of Technology

Skills

Game Writing, Story Direction, Screenwriting, Conceptualization, Contextualization

Tools

Unreal Engine, Unity, Godot, Twine, Aseprite, Blender

Project Experience

Narrative Designer, Writer — Oct. 2026

Clean Freak – Horror Interactive Fiction

- Designed an affinity system split into "Respect" and "Empathy" for two NPCs
- Wrote four endings with two variants each depending on player choice
- Revised work based on teacher's feedback to improve the impact of player choice

Design Lead, Narrative Designer — Sept. 2025 – Jul. 2026

Idol on Duty – Platformer beat-em-up

- Collaborated with an interdisciplinary team of 18 students in Unreal Engine 5
- Developed story and characters from an original concept with a character artist
- Composed dialogue, directed cutscenes, and the Steam trailer's animated sections to maintain the narrative's energy

Writer, Screenwriter — Mar. 2026

Love's Meaty Claws – RomCom Screenplay

- Authored a short story using my personal experience to combine romance and comedy
- Adapted the short story into a screenplay, enhancing character action with scene direction
- Recorded a reading of the screenplay to demonstrate its potential application in a game project

Work Experience

Teacher's Assistant - DigiPen Institute of Technology

September 2024 - Current

Answered students' questions and graded coursework on a variety of design and computer science topics for four topics across six classes.

Narrative Design, Technical Design, Systems Design, Computer Science
